Summary

A dynamic Mobile App Developer with one year of hands-on Flutter experience, known for rapid learning and a deep passion for mobile innovation. Proficient in Dart and experienced in Clean Architecture (MVVM) and BLoC/Cubit state management, I build responsive Android and iOS apps that wow users. My enthusiasm drives me to master new tools and optimize performance continuously. Eager to bring my energy, adaptability, and problem-solving skills to an innovative team and deliver standout mobile experiences.

Skills

Programming Languages: Dart, C#, Java, C++, JavaScript, TypeScript

UI Development: Responsive Layouts, Custom Widgets, Animations, Themes, Dark/Light Mode

State Management: BLoC, Cubit

Architecture: Clean Architecture, MVVM

API Integration: RESTful APIs, Dio, http

Local Storage: Hive, Shared Preferences, SQLite

Firestore Services: Authentication (Email/Password, Google, Facebook), Firebase Firestore, Cloud Messaging (Push Notifications), Firebase Storage, Email Verification

Payment Integration: PayPal, Stripe

Tools: Android Studio, VS Code, Flutter DevTools, FlutterFlow

Soft Skills: Attention to Detail, Communication, Collaboration, Work Under Pressure, Presentation, Teamwork

Internships

Information Technology Institute (ITI), Zagazig Branch

Nov. 2024 – Apr. 2025

Intensive Training Program – .NET Full Stack Web Development track

- Participated in an intensive training program focused on .NET full stack web development, covering advanced topics in ASP.NET Core, Angular, and SQL Server.

Information Technology Institute (ITI) [🔗](#)

Jul. 2022 – Sep. 2022

Mobile Development using Flutter (120 Hours)

- Covered Dart, Flutter, Firebase, and project development.

Projects and Experiences

Ra7ala – Bus Management System [🔗](#)

Apr. 2025 – May 2025

ITI Graduation Project

- Developed a secure, role-based full-stack bus booking platform with route and station planning, multi-role trip management, a RAG AI chatbot, real-time map views, automated approval workflows, and in-app feedback.
- **Technologies Used:** Angular, ASP.NET Core 9, SQL Server, Entity Framework Core, Identity, JWT, Onion Architecture, Email Service

Kito (Flutter Application) [🔗](#)

2024 – Aug. 2024

- Developed a responsive mobile app for a French keto diet restaurant featuring nutritional tracking, online ordering, and secure payments with Firebase Auth and PayPal/Stripe using Clean Architecture and Bloc.
- **Technologies Used:** Flutter, Firebase, Hive, REST API, Dio, Clean Architecture, Bloc, PayPal, Stripe

Epilepsy – Seizure Management Assistant

Oct. 2023 – Jun. 2024

University Graduation Project

- Built a mobile application to support epilepsy patients by enhancing daily health monitoring, increasing safety, and improving doctor-patient communication.
 - Key features include medication scheduling with smart reminders, real-time seizure emergency alerts to companions, doctor-patient chat, and a seizure history log for diagnosis support.
 - Integrated a lightweight machine learning model to predict potential seizure risks based on user data inputs and history patterns.
 - Ensured secure authentication via Google, Facebook, and email/password with email link verification.
 - Followed Clean Architecture principles with MVVM structure using Cubit for scalable state management and Firebase for real-time services.
 - **Technologies Used:** Flutter, Firebase (Auth, Firestore, Messaging), Local Database API, Machine Learning Model, MVVM Architecture, Cubit
 - **Grade:** Awarded with High Distinction

Bookly (Flutter Application) [🔗](#)

2023 – Nov. 2023

- Developed a responsive mobile app for an online book library featuring advanced search, personalized recommendations, and the latest book additions using MVVM architecture and API integration.
- **Technologies Used:** Flutter, REST API, MVVM, Bloc, Dio

Freelancing

2023 – 2025

- E-Commerce Full Stack Web Application (.NET, Angular)
- X World (Flutter Mobile Application)
- Kito (Flutter Mobile Application)

Education

Zagazig University

2020 - 2024

B.Sc. in Information Technology (GPA: 3.63 - Excellent with Honors, Distinction)

Online Courses

- Payment Integration by PayPal & Stripe (Udemy - Tharwat Samy) [🔗](#) Aug. 2024
- Deep Dive into Clean Architecture in Flutter (Udemy - Tharwat Samy) Jun. 2024
- Flutter Advanced Course Bloc and MVVM Pattern (Udemy - Tharwat Samy) [🔗](#) 2024
